

LT1 ANTI-FREEZE WINTERIZATION SUPPLY LIST
Rev 3 Fall 2015

All part numbers are specific to a Chevy LT1 and 1:1 ZF Hurth transmission

SkiDIM

- 1 IMPELLER INDMAR Ford/GM 350, 351, 454, 8.1 (item #0714 - \$39.90)
- Plug Wires (item # 83012 - \$105.45) Based on Condition or odd years

O'Riley/Autozone/Advanced/NAPA

- 1 Oil Filter (WIX 51069 or NAPA Gold 1069)
- 1 On Tank Fuel filter element (WIX 33003)
- 1 EFI Filter in line (WIX 33481)
- 1 Serpentine Belt (Gates K060390) Based on Condition or even years
- 5 Quarts 20W50 synthetic oil or 15W40 synthetic oil
- 6 Gal Anti-freeze
- 2 Quarts of Dexron/Mercon transmission fluid
- 1 can of fogging oil or Marvel Mystery Oil (SAE 10)
- 8 spark plugs - AC Delco MR43LTS (gapped to .045")
- 13.4oz Sta-bil fuel stabilizer
- Small can (not spray) of rustolium black gloss paint for brushing touch up spots
- Marine grease & gun (use same stuff every year – don't mix bearing grease)
- Boat Wax (Meguiars Carnuba Wax is awesome... plus my kids think it smells like banana laffy taffy and are more likely to help)
- Vinyl X or 303
- Descant Bag or Damp Rid
- K&N air filter cleaner kit
